

C24-U110

24LTR COMPRESSOR 110V UK

Compressor Details

With a 24 litre tank and a host of features selected for long term performance, including ball style drain valves and a lubricated pump, this unit is the perfect entry level compressor, and is available in both 240v or 110v versions.

24 litre tank and powerful 2.2hp motor, gives over 230 litres per minute air displacement.

Oil lubricated pump for long term durability and performance.

Ball style drain valve designed for easy access and better durability.

Oversized twin output gauges and easy to use regulator makes setting correct air pressure quick and easy.

Complete with 10 metre hose.
